Dear Members,

On behalf of the ACCMA Executive Officers and Board of Directors, I would like to welcome you to the 2021 ACCMA Winter Conference. With the unfortunate cancellation of the Summer Conference, this marks the first official event we have held in the last year. Although not all of us will be able to attend in-person, we are excited to bring you a slate of quality presentations that are highly relevant to the challenges we have faced recently, and the changes we must all prepare for moving forward.

This conference would not be possible without the diligent work of our Executive Officers, a listing of which is below. Please join me in thanking them for their stewardship, and their continued efforts on behalf of ACCMA.

The mission of ACCMA is to advance professional management in Alabama's city and county governments and to support the professional development of its members and other local government officials. We hope that this year's conference will provide you with new or updated knowledge, as well as, an opportunity to network and gain new affiliations that will be beneficial to you and your community.

Sincerely,

Brian Muenger, City Manager, City of Pell City
President, ACCMA

Brian Muenger

Brian Muenger has served as the City Manager of Pell City since 2015. Prior to his appointment in Pell City, he served as the City Manager of the City of Talladega, and as Community Development Planner for the Heart of Georgia-Altamaha Regional Commission.

As City Manager, he serves as the Chief Administrative Officer of the City responsible for the general operation and supervision of governmental functions of the City. He is responsible for the appointment and dismissal of non-Council appointed positions, preparation and implementation of the annual budget, and enforcement of all laws, ordinances, and policies of the City. He serves as the chief policy advisor to the Mayor and City Council.

Brian attended Georgia College, where he earned a bachelor's degree in political science and criminal justice, and a Masters of Public Administration degree with a concentration in Public Policy. He is an active member of the Alabama City/County Management Association, where he currently serves as President, and of the International City/County Management Association. Brian is an active member of the Pell City Rotary Club and serves as the Community Service Chairman.

Allan Rice

Allan Rice is the City Administrator of Hoover, Alabama and has held that position since November 2016. He previously served as the Executive Director of the Alabama Fire College and Personnel Standards Commission. His career spans over thirty years, including previous service with the City of Hoover Fire Department from 1992 to 2007. He has been a college program coordinator for fire science and emergency medical services, a consultant to the U.S. Dept. of Homeland Security, and a trauma and flight nurse. He is a past president of the North American Fire Training Directors and was a founding member of the Fire Service Occupational Cancer Alliance Steering Committee.

Allan received a paramedic certificate and Bachelor of Science in Nursing from the University of Alabama at Birmingham and a Master of Public-Private Management from Birmingham-Southern College. He and his wife Kelly have two adult sons.

Lou Ialacci

Lou Ialacci received his BS in Industrial Engineering from Clarkson University, Potsdam, NY and his MBA from the University of Wisconsin - Milwaukee. Prior to moving to Montgomery in 1979 Lou worked in various IT roles for a Wisconsin based manufacturing company. Moving to Montgomery in 1979, he worked for Blount, Inc. & Colonial Bank in IT management positions. In 1995 he embarked on a personal business venture purchasing a car rental franchise with partners and pursued other business opportunities.

In 2005, Lou became the manager of the Montgomery County Commission IT Department, moving all applications off a main frame computer to server-based systems and implementing several new software systems. He extended technical services and support to County buildings and remote location expansions. In addition he worked with departments and elected officials to provide smart on-line services.

In 2012 he accepted the position to implement the consolidation of IT management for the City and County. This generated over \$1 million of savings in the first year. He created a mutual backup facility and shared ideas and certain application systems for the City and County to include sales tax and property data, realizing thousands of dollars in savings for both.

In 2015 Lou managed the City and County efforts to make them a leader in all things relating to Cyber by creating the Montgomery Internet Exchange (MGMix). The exchange is the only one in Alabama and one of six in the southeast. This was the foundation for an ongoing project to develop ways to make Montgomery a “smart city and county”.

Phil Burns

Phil Burns serves as Chief Operating Officer of Shelby County, Alabama. Prior to joining Shelby County in 2006, Mr. Burns served as Vice President and CIO of Active Day, Inc. the nation’s largest provider of Adult Day Health Services.
